Title: Connect America Fund

FR Document Number: 2012-31084

Legacy Document ID:

RIN:

Publish Date: 12/28/2012 12:00:00 AM

Submitter Info:

First Name: Robert

Last Name: Gehrer

Mailing Address: 1220 Washington Ave, Bldg 7a, 4th Floor

City: Albany

Country: United States

State or Province: NY

Postal Code: 12242

Organization Name: NYS Office of Cyber Security (NY SBI Grantee)

Comment: New York State SBI Grantee comments are attached for FCC CAF: WC Docket No. 10-90; FCC 12-138. The EXCEL spreadsheet submitted contains 6 tabs of information. NY SBI broadband data current as of June 30, 2012 was used for this analysis, which also includes additional columns of data showing how many housing units on each block and percentages of housing units (or area in the case of fixed wireless) are served by this new data. The "UnServed_FullServed" tab lists block keys that the FCC has deemed unserved, but the NY SBI Grantee office has determined to be fully served. The "UnServed_PartServed" tab lists blocks keys that the FCC has deemed unserved, but the NY SBI Grantee office has determined to be partially served. The "PartServed_FullServed" tab lists block keys that the FCC has deemed partially served, but the NY SBI Grantee office has determined to be fully served. The "PartServed_Unserved" tab lists block keys that the FCC has deemed partially served, but the NY SBI

Grantee office has determined to be unserved. The "Public_ErrorReports" tab lists x,y, locations of crowd-sourced public comments identifying unserved locations (current as of 1/23/13). The "BLOCKS_TO_ADD" tab lists blocks that were missing from the FCC provided list, but the NY SBI Grantee has determined should be brought under consideration for unserved/partially served for the purpose of CAF based on new broadband data current as of June 30, 2012. Finally, the "METHODOLOGY" tab explains our analysis in more detail.
